

3rd Grade Super Summer Enrichment Project

Dear Parents,

Welcome to Third Grade! We are so excited to offer summer enrichment activities for your child. These activities are designed to prepare your child for the upcoming school year, plus keep all the skills learned in 2nd grade. In math, students will solve word problems, work on their addition and subtraction facts, and create a Math Dictionary. It is imperative that your child master their addition and subtraction facts over the summer. Both third grade classes will have addition and subtraction tests the first week of school. The math assessment sheets included are the exact tests they will take in August. Please use the websites listed to reinforce skills.

Please continue to encourage your child to read during the summer. Reading is the basis for every subject so it is extremely important that they are practicing over the long summer. It will strengthen their vocabulary if they read a variety of materials such as, books from different genres such as non-fiction, fables, mystery and so on. The students will read either 8 picture books or 4 chapter books and complete the attached activities. The stories should be from at least 3 different genres as part of this summer project. I encourage all students to read at least one chapter book. You may help them in any way necessary. Please complete all assignments neatly and place in a folder. Students who complete the entire Super Summer Project and return it the first day of school will receive a special treat as well as extra credit! Begin on the project early and establish a timeline for your child to follow. We look forward to seeing you in August! Have a blessed and safe summer!

Sincerely,

3rd Grade Super Summer Project Guidelines

Name _____

Date _____

Math Project Assignment	Points Possible	Points Earned
Word Problem Practice: ➤ All 10 problems solved correctly (20 pts) ➤ Student showed work (20 pts)	30	
Math Dictionary: ➤ 10 words with definitions & examples or symbols (30 pts)	30	
Addition & Subtraction Practice Log ➤ Practice time recorded (20 pts) ➤ Weekly 5 minute drills (20 pts)	40	
Total Points	100	

Language Arts: Loving Literature!	Points Possible	Points Earned
Super Sweet Story Map	20	
Super Star Character Map	20	
Wacky Word Finder	20	
Cool Connections	20	
Used 8 picture books or 4 chapter books	20	
Total points	100	

Additional points may be deducted for parent handwriting, lack of organization, excessive eraser marks, incomplete answers, etc.

Math Directions

Super Word Problem Practice

Solve all 10 given word problems. Follow the directions to help you find the correct answer. ALL work must be shown as to how you solved the problem. No calculators are allowed. Use the work space provided.

Addition & Subtraction Practice

In order for students to be successful in third grade it is imperative that they know their addition and subtraction facts. Students should memorize most facts! Study at least 1 hour per week. Complete the attached log to show your study time. You may study online, with flash cards, or any way that works for you. Students will also take an addition and subtraction drill at least once a week. There are 10 drill sheets each. Please return all 20 drills. Visit these web sites: www.aplusmath.com, www.eduplace.com or www.mathplayground.com for fun ways to practice.

Super Math Dictionary

You will need to complete the Super Math Dictionary page using key math terms. All terms should have a definition and an example/illustration of each. Your dictionary should be neat and free of spelling errors.

Super Math

Word Problem Practice 3rd Grade

Directions: Solve the word problems. Show ALL your work.

- 1.) Read the entire problem. 2.) Circle the question. 3.) Underline the facts.
- 4.) Work the problem. 5.) Does your answer make sense? 6.) Write a solution sentence

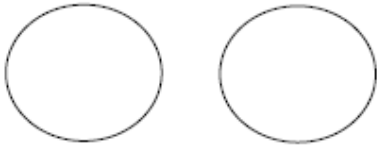

Example: A.) Frankie has one each of three different coins. All together they equal \$.40.

What coins does he have?

Show your work: Draw out coins

Solution sentence: 1 quarter + 1 dime + 1 nickel = \$.40

<p>1. Vallerie's troop had 19 girls that went on a nature hike. Sophia's troop had 25 girls. How many girls hiked in all?</p>	<p>Solution Sentence: _____</p>
<p>2. Grace bought a pencil for \$.39 and a pen for \$.65. How much money did she spend altogether?</p>	<p>Solution Sentence: _____</p>
<p>3. Jane has 2 quarters, 3 dimes, 1 nickel and 9 pennies. How much money does she have?</p>	<p>Solution Sentence: _____</p>
<p>4. Garrett has 228 baseball cards. Michael has 282 baseball cards. Who has more baseball cards? How do you know?</p>	<p>Solution Sentence: _____</p>

<p>5. Rosie goes to beach and collects seashells. On the first day she finds 24 shells. On day 2 she finds 19 and on day 3 she finds 16. On her last day she finds 21 more. What is the total amount of seashells she found?</p>	<p>Solution Sentence: _____</p>
<p>6. Jonathon looks at the clock and realizes it is 8:05am. He has to be to school by 8:15am. The walk takes 15 minutes. Will he make it on time?</p>	<p>Solution Sentence: _____</p>
<p>7. Lauren wanted to get her best friend Vanessa a new pencil. She picked out the nicest one in the store for \$.98. She also picked out a note pad that cost \$1.40. How much money did she spend in all?</p>	<p>Solution Sentence: _____</p>
<p>8. Jack ate $\frac{1}{2}$ of a pie. Bob ate $\frac{3}{4}$ of a pie. Who ate more?</p>	<div style="text-align: center;">  </div> <p>Solution Sentence: _____</p>
<p>9. Kate found 4 pinecones while walking in the forest. Each pinecone had 5 seeds. How many seeds were there in all?</p>	<p>Solution Sentence: _____</p>
<p>10. Sally wants to bring cupcakes for class of 22 students. The store sells cupcakes by the dozen. How many dozens will she need to buy in order to have enough?</p>	<p>Solution Sentence: _____</p>

Name: _____

Addition & Subtraction Log

Each student will record the amount of time that they practice their addition & subtraction facts. Please record all the information. You may use flashcards, websites, matching game, or anyway you know to practice your facts. Please record the specific website that you visited.

Goal: 1 hour per week. (Summer vacation is 10 weeks long)

The BEST way to practice is a short amount of time, 10-15 minutes, 3-4 days a week.

The attached addition & subtraction quizzes will be given the first week of school to see if the facts have been mastered. The sheet should be completed in less than 5 minutes! There are enough drills attached for your child to take 1 addition and 1 subtraction drill per week.

After 5 minutes has passed please circle the last problem answered and finish the remainder of the problems. **Remember: Practice is the key to memorization!**

Date	What you did to practice (flashcards, websites, game)	Time Began	Time Stopped	Total time practiced	Parent/adult initials

Total time practiced: _____

Name: _____

Addition Drill

Goal: Correctly complete all problems in 5 minutes or less.

Reading Directions

Loving Literature!

Students: Your goal is to read 8 picture books or 4 chapter books and complete activities for 4 of the books you read. Please try to make at least one book a chapter book!

- Choose a book from the list or any book that looks exciting!
- Complete a Super Sweet Story Map using the form included with details from the book. Write in complete sentences and watch for spelling and punctuation.
- Complete a Super Star Character Map using the main character from any book you read. Use details from the book to support the chosen trait.
- Use 1 book for the Wacky words worksheet
- Use 1 book for the Cool Connections worksheet
- Try to read at least 3 different types (genre) of books. For example you may read a mystery, fable, and biography.

Types of Genres

Historical Fiction, Mystery, Fantasy, Humor, Fairy Tale, Poetry, Trickster Tale, Realistic Fiction, Science Fiction, Biography, Nonfiction, Legend, Adventure, Tall Tale, Autobiography, Fable

Great Books for 3rd Graders!

- *Horrible Harry and the Ant Invasion* (series) Suzy Kline
- *A to Z Mysteries* Ron Roy
- *Amber Brown Is Not a Crayon* Paul Danziger
- *Busybody Nora* Johanna Hurwitz
- *Cam Jansen and the Green School Mystery* (Series) David A. Adler
- *Don't Say Ain't* Irene Smalls Hector
- *Judy Moody Saves the World* Megan McDonald
- *Mallory on the Move* Laurie Friedman
- *No Dogs Allowed* Bill Wallace
- *Otherwise Known as Sheila the Great* Judy Blume
- *Molly's Pilgrim* Barbara Cohen
- *The Enormous Crocodile* Roald Dahl
- *One Smooth Move* (Extreme Team series) Matt Christopher
- *The Case of the Elevator Duck* Polly Berends
- *Gloria Rising* (Gloria series) Ann Cameron
- *How to Be Cool in the Third Grade* Betsy Duffey
- *Sable* Karen Hesse
- *Song Lee in Room 2B* (Song Lee series) by Suzy Kline
- *The Pizza Pie Slugger* Jean Marzollo
- *Ruby the Red Fairy* (Rainbow Magic series) Daisy Meadows
- *A Crazy, Mixed-Up Spanglish Day* Get Ready for Gabi series
- *Junie B. Jones and the Stupid Smelly Bus* (Series)
- *The Puppy Place series* Ellen Miles
- *Nancy Drew and Clue Crew* Carolyn Keene
- *Katie Kazoo Switcheroo* (Series) Nancy Krulik
- *The Littles* (Series) John Peterson
- *The Magic Tree House Series* Mary Pope Osborne

Name: _____

Super Star Character Map

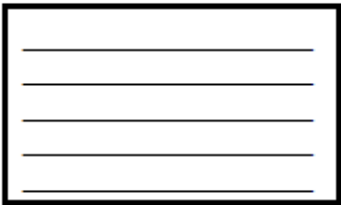

Put the main characters name in the large star. Choose 3 character traits that describe the main character and place them in the smaller stars. Use an example from the story to support your choice of character trait.

Book Title:

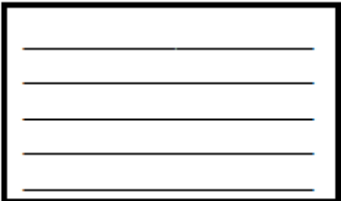

Author:

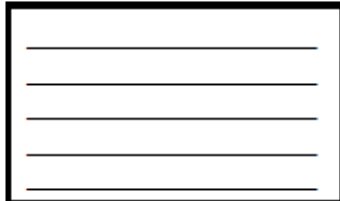

Name: _____

Wacky Word Finder!

- Read the book. Look for 3 wacky words. These words could be words that you do not know, words that are interesting, unusual, cool, or just funny!
- Write the words on your recording sheet, along with the page number you found them on.
- Look up the words in a dictionary and write their meanings. Use each word in a sentence of your own.

Story Title _____

Author _____ Illustrator _____

1. Wacky Word # 1 _____ page # _____

Definition: _____

My sentence: _____

2. Wacky Word # 2 _____ page # _____

Definition: _____

My sentence: _____

3. Wacky Word # 3 _____ page # _____

Name: _____

Cool Connector!

- Read the book. As you read, think of something the story reminds you of. It may remind you of another book you've read or something you've done in the past or something you've seen.
- Write about what the story made you think of and why it made you think of it.
- Draw a picture about the connection you made with the story.

Story Title _____

Author _____ Illustrator _____

This story made me think of _____

This is the part of the story that made me think of a connection. <small>(Example: They went to the park to play.)</small>	Here is a picture of the connection I made to the story. <small>(Example: I went to the park once and made a lot of new friends.)</small>
