### Coronavirus Prevention Closure - Remote Learning

Dear Parents,

As you are aware SCPA along with all schools in Ohio will be closing to “in person learning” on March 17th and plans to resume on April 6th.

I am providing students with assignments on Khan Academy. Parents please support your child’s learning in the two weeks they are at home. Khan offers some very good videos and exercises for students, you may also enjoy refreshing your math skills.

Students should complete the quizzes independently.

Your child can access directions through their Google Classroom and Khan through their CLEVER accounts.

#### REMOTE LEARNING MODULE Part I

Log into Google Classroom to see the work assigned.

Most lessons will be on Khan Academy Login through CLEVER.

ONLY Do Lessons listed below.

Do the complete lesson, videos, exercise questions, articles and QUIZ!

#### **STATISTICS AND PROBABILITY UNIT**

Lessons for March 17-20th

----- Basic Probability

----- Probability Models

----- Quiz 1

March 23-27th--SPRING BREAK

#### **EQUATIONS, EXPRESSIONS AND INEQUALITIES UNIT**

Lessons for March 30- April 6th

----- Combining Like Terms

----- Equivalent Expressions

Please contact me by email if you have questions or any problems logging into Khan.

#### **Part II - Linear Equations Worksheet**

Sincerely,

Suneeta Holtkamp
