Coronavirus Prevention Closure - Remote Learning

Dear Parents,

As you are aware SCPA along with all schools in Ohio will be closing to "in person learning" on March 17th and plans to resume on April 6th.

I am providing students with assignments on Khan Academy. Parents please support your child's learning in the two weeks they are at home. Khan offers some very good videos and exercises for students, you may also enjoy refreshing your math skills. Students should complete the quizzes independently.

Your child can access directions through their Google Classroom and Khan through their CLEVER accounts. Students will be setting up access to Khan Academy today, however for students who are absent the directions for accessing Khan Academy are listed as follows on Google Classroom.

REMOTE LEARNING MODULE

You must log into your CPS Google account to get to CLEVER.

All lessons will be on Khan Academy Login through CLEVER.

Sign up using school Google email and pick Algebra 1

Then click teacher and enter **Code-- Bell 1 - K3U75SKP, Bell 2 - FSQKJVS**R , Bells 3 & 4 - ZXX6C6G9

ONLY Do Lessons listed below.

Do the complete lesson, videos, exercise questions, articles and QUIZ!

Quadratic Functions and Equations MODULE

Lessons for March 17-20th

----- Intro to Parabolas

----- Solving and Graphing in Factored Form

----- Quiz 1

March 23-27th

SPRING BREAK

Lessons for March 30-April 3

---- Solving by taking the Square Root

---- Vertex Form

---- Quiz 2

Please contact me by email if you have questions or any problems logging into Khan.

Sincerely,

Suneeta Holtkamp
