# ART Homework

---

### Requirements For All:

## 2 New Artworks (Art Majors: to be used for May Boards)

**Create 2 new 2D works of art.**

**\*work number 1: non-objective art.** Think back to the non-objective sharpie designs we did in class (work that is all about color, shape, line but nothing recognizable in it). You will use colored pencil and bristol to do a non-objective design. Make it a good composition!

**\*work number 2: observational drawing.** This work is all about drawing something exactly as it is. You might set up a piece of fruit and draw it, or you could set up a toy and draw it. Just make sure you are drawing what you see and not what you think it looks like. Draw big!

These should showcase your technical skill. You have a lot of room for choice in these works, so CHOOSE wisely and spend time working on them. And have fun! This is art and art is fun!

### **THINGS TO CONSIDER:**

Bristol or similar paper / colored pencil / showcasing your technical skill / taking your time / putting TIME into the work (think about how much time we put into school projects!) / boards-quality

**These works will count as home/independent works for your Boards portfolio.**

**ALL WORKS DUE: the day we return to school**

Questions? Email Ms. Hart: [hartmel@cpsboe.k12.oh.us](mailto:hartmel@cpsboe.k12.oh.us) or reach out on Remind.
