

March 13, 2020

Dear Maths Families,

Your child has a Maths Plan for the two weeks we will be out of school. I am sending a paper copy home, as well as posting the instructions on both Schoology and Google Classroom. The kids all have my email (it is below also) and we have created a document in Google Classroom which we can use to talk back and forth if the kids want to use that as well.

Since the kids are still required to complete their assignments during their time away from school, I have set up a daily plan for them to follow. The work will be on Pearson (enVision) - both online and in their workbook, Khan Academy, and IXL. The students were asked to take their workbooks home today to have as both reference and to complete their assignments. A hard copy of notes and assignments was also provided to any student who does not have access to the internet at home.

I asked the kids to put Khan Academy and IXL on their phones today, hopefully it will make things a little easier. I will check my email daily, so the best way for your child to reach me if they have questions will be by sending a message through the CPS email. My address is [gillkat@cpsboe.k12.oh.us](mailto:gillkat@cpsboe.k12.oh.us) The kids can also send me a snapshot of any work they'd like me to review. I will post updates, reminders, and info on both Schoology and Google Classroom.

If you have any questions or need anything please let me know. We'll manage through this crazy time in the school year and work to get the kids ready to return to school. Stay healthy and I hope everyone has a fun and productive extended break!

Katy Gill
