

Principal Updates 9-25-20

Good evening this is Principal Michael D. Owens. We've made it through the week so happy TGIF!! I'm hoping peace, and good health to you and your loved ones. The district is looking for parent feedback. A link is being provided for parents to give feedback on blended/remote learning. Please take a moment to complete the parent survey if you have already done so.

As we prepare for blended in-person learning, it's important that we all remember that efforts are being made to ensure students are safe and learning takes place daily. Continue operating with grace and compassion. Communicate openly and as necessary with your child's teachers. Work collaboratively with your network of friends to make sense of any sudden changes. Make sure you take moments to celebrate your children, but also hold them accountable for staying connected.

I am attaching a copy of the SCPA Bell Schedule. We are planning to operate from our in-person bell schedule as normal in the past starting Oct. 5th. If any changes occur, parents will receive communication in a timely manner.

I will be sharing important information next week to support understanding of our Revised School Operational Safety Plan. The plan will also be posted to the Principal Updates tab as well. Please be on the lookout for this communication next week.

Just a reminder, the Sibling Application period ends Friday, Oct. 9th. Any applications turned in after Oct. 9th will not be processed or accepted.

This is the final chance for K-6 Parents to complete the Parent Car Pick-Up Request form. Mr. Copenhagen is the lead administrator over Parent Car Pick-Up if you have additional questions.

Parents will continue to need an appointment to visit our school employees or office staff. Please call 513-363-800 for an appointment with our clerical staff (i.e. registrar, treasurer).

Finally, there is no instruction for students Monday, September 28th due to staff professional development day. Students will not be responsible for logging into Schoology to complete any assignments on the 28th.

Have a great weekend and be on the lookout for information next week.
