SUMMER ART HOMEWORK

WHAT : 2 New Artworks

Create 2 new 2D works from observation in drawing of a still life, animals, landscape, cityscape or nature study (like a flower, a leaf, a feather). These should showcase your technical skill and your observational drawing skill. You have a lot of room for choice in these works, so **CHOOSE** wisely and spend time working on them. And have fun! This is art and art is fun!

THINGS TO CONSIDER :

quality of paper / colored pencil / showcasing technical skill / putting **TIME** into the work (think about how much time we put into school projects!) / boards-quality / background

These works will count as home/independent works for your Winter Boards portfolio.

MATERIALS :

Bristol (8x10 or similar) / pencil / colored pencil / eraser

ALL WORKS DUE : Friday, September 9, 2022
